Released: September 21, 2001

Comment Date: November 13, 2001

Reply Comment Date: November 27, 2001

By the Chief, Allocations Branch:

1. Before the Allocations Branch for consideration is a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. The petitioner for each proposal, has stated that it will apply for each requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule Making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and

expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:
